

# Why We Need a Hymncharts Subscription

In today's modern worship landscape, contemporary praise and worship songs have become the norm. However, many people in your congregation still find comfort and connection in classic hymns that hold a special place in their hearts. This is where Hymncharts.com can bridge the gap, seamlessly blending both styles to bring all generations together in worship. By subscribing to the website, your church will gain:

- **Unlimited Access:** Enjoy unrestricted access to our extensive online sheet music library, featuring over 6,500 pages of music for choir, praise team, and orchestral instruments. With over 150 hymns available and unlimited copying under your CCLI license, you'll be able to provide every vocalist and instrumentalist on your worship team with the resources they need.
- **Cost Savings and Unlimited Copies:** Unlike some websites that restrict copying, Hymncharts.com allows you to make unlimited copies for your team. **Thousands of churches have successfully used our contemporary hymn arrangements** to create a blended worship experience for all ages. One customer writes:

"This HymnCharts subscription is the answer to our prayers, literally. We had made an enormous hole in our small music budget, buying multiple copies of majorly expensive arrangement books and still ending up with a fair percentage of those songs that weren't quite right for our group.

"When I found your site and saw the arrangements, I knew this was absolutely what we'd been looking for. The sound is wonderful; it somehow spans the generational preferences, gets the younger ones moving and praising, but comforts the older ears with familiar words and melody."
